

## **2007-2008 Summary of Curricular Changes to Mechanical Engineering Program**

- The Combined Five-Year BS/MS degree program in ME was created and approved. Students in this program have the opportunity to enroll in graduate courses in ME. These will count towards technical elective requirements for both degrees. In its approved form, the BS portion of the program remains unaffected.
- ME138 was approved to be listed under the general ME focus area
- ME 137 was approved to be listed as a TE under the Energy and the Environment focus area.
- The required course ME 135 was inadvertently listed as a technical elective in the catalog. A corrective action was requested, but was not corrected.
- Following a special Chair's request ME 118 and ME170A was approved to be taken concurrently only for this year.
