

Marlan and Rosemary Bourns  
College of Engineering

## FUTURE ACADEMICS & MENTORSHIP EXCELLENCE PROGRAM (FAME)

April 10-11, 2025

Apply online at  
[engr.ucr.edu/fame](https://engr.ucr.edu/fame)  
by March 3, 2025.

### Benefits of FAME participation:

- Attend a two-day workshop to hear from recent hires, hiring committee members, successful award recipients, and learn how to create a successful application package
- Top applicants will receive the prestigious FAME award that fully covers air transportation, lodging, meals, and other travel expenses

### Eligibility Requirements:

- Must be post-doctoral scholar or within 1 or 2 years of PhD graduation
- Demonstrated academic excellence
- Interest in a faculty position at UCR's Bourns College of Engineering
- Commitment to diversity, equity, and inclusion

**Although FAME focuses on candidates in the following “Human-centric Engineering” fields, applicants from all relevant engineering fields are welcome.**

- Bioengineering: neuroengineering, rehabilitation engineering
- Mechanical engineering: medical robotics, health
- Chemical and environmental engineering: air quality, climate, biotechnology
- Computer science: artificial intelligence for social good and responsible AI
- Electrical engineering: privacy and health informatics
